Forty-second ANNUAL REPORT
SHARON SANATORIUM ~ 1932

PATIENTS AND NURSE

MEDICAL DIRECTOR'S REPORT FOR 1932

The past year has been a difficult one for the Sanatorium in many ways. Because of the general financial depression it has not seemed wise or possible to launch any new enterprises. No new construction has been undertaken. We are gratified at the steadfast loyalty of friends who have given us not only moral support but liberal financial support during the past year. Some equally true friends have been obliged to lessen their giving. The shrinkage in receipts from annual subscribers and donors has prevented certain needed improvements. It has been fortunate, however, that even extensive repairs have not been necessary, probably because it has been our rule to keep the plant in good order at all times. The main buildings have been freshened by a coat of paint, however, and as the painter is also handy with tools, many small carpenter jobs have been attended to by him.

Probably because of the "depression" there have been occasional empty beds, particularly in the convalescent ward. The reason for this, doubtless, is the impression that patients have that they can be as well taken care of at home if they have arrived at a stage of health that would warrant their transfer to this ward.

In addition, there have been vacant beds in the Children's Pavilion at most times. It is definitely known that in several cases children would have been left here for longer treatment if the financial standing of the parents had not been so much reduced.

Certain projects have been partly worked out during the last year. A considerable tract of land was cleared by the men on the farm and this will give some rather needed additional garden space. Also a comprehensive system of paths has been started in the woods that should give added fire protection for our young trees and furnish pleasant recreational walks for the patients.

A small plot of land was also given over to the patients for their own pleasure. On this they raised considerable quantities of flowers from which they obtained much satisfaction.

A plan of the grounds has been drawn by Miss Isabel De Courcy Porter and some progress has been made to carry out landscape changes that will beautify the surroundings, and more work will be done in the spring.

A near catastrophe occurred on November 20, when fire started in the partitions back of the kitchen stove and caused a rather large amount of damage in the toilet rooms on the second floor and ruined the roof over this part of the building.

Many fortunate circumstances may be found in considering this event that was so near a real calamity. In the first place, much praise is due the Sharon Fire Department for its prompt response to the alarm and the ability it showed in stopping the blaze. Its work gives a feeling of security for the future. Another matter for congratulation is that the automatic fire alarm recently installed lived up to its expectations. Without doubt the damage will amount to several thousand dollars, but the plans for repair will provide for several improvements in toilet rooms, kitchen and the dining room for the maids and men that, while desirable, might not have been thought of nor undertaken except for the fire.

As usual, the farm has yielded a plentiful supply of vegetables that has been of exceeding value because during the summer freshness of garden truck is of paramount importance. On the whole, also, it has been profitable to have our own poultry, for not only have the hens supplied an abundance of fresh eggs but all of the chickens and fowl that have been cooked for the table have been raised on the place.

It may be said with confidence that patients, for the most part, are very happy while here and carry away pleasant memories of their stay. Extracts from three

OPEN AIR SCHOOL

letters from patients discharged this year may be quoted to illustrate the feeling that we are sure is generally held by all.

One writes: "I have thought continually about you all. You know how it is when you are away from that place. It's bound to be on one's mind most of the time and I should love to hear all about everything."

Another letter reads: "Some times, in the midst of a busy life, I long for the quiet of Sharon. I look back upon the months spent there as the most peaceful of all my life."

And that material benefits are not forgotten, another former patient sends the following: "Please accept this check in the sum of \$50 which is to begin reducing the very large sum I was permitted to benefit by through your kindly thoughtfulness during the last year and a half of my stay in Sharon. It is my object to clear this in full. Now that I am a little older I realize more fully how much I benefitted by staying at the Sanatorium."

The year's financial uncertainty has been more serious in that it has cramped us in giving as much free treatment as would have been desirable. The Free Bed, supported by a fund of \$20,000 given several years ago, has been in great demand this year and another fund of like amount for that purpose is greatly needed. Three years ago a special grant from the Clara C. Hyams Fund for free treatment was received. This has been expended.

Although this year has been one of financial anxiety for us we are happy to say that, with the enforced economy mentioned, we were able to close the year as usual with all bills paid. It is our earnest hope that those of our friends who could not make their usual gifts during the year will be able to do so soon, and that new friends also may have a part with us the coming year.

MEDICAL STATISTICS FOR 1932

Full capacity of Sanatorium (including Children's Pavilion)	50
Number of patients admitted since December 1931	52
Number of patients discharged during the year	63

Of those discharged during the year two adults stayed less than one month and one had bronchiectasis. This leaves forty-three cases of adult tuberculosis and seventeen children to be considered in this report. Of the forty-three cases of adult tuberculosis there were during the year:

Arrested	10	—23.2%
Apparently arrested	4	— 9.3%
Quiescent	18	—41.9%
Improved	9	—21.0%
Not improved	2	— 4.6%
	<hr/> 43	

The number of patients who had tubercle bacilli in sputa was	23
The number of patients in whom the physical and x-ray signs were deemed sufficient for diagnosis was	20
The number of patients who had hemoptysis before entrance or during stay was	16
Average stay of all cases	7.3 months
Longest stay of any case	25 months
Shortest stay of any case	1 month
Average gain in weight of all cases	11 pounds
Number of cases who lost weight	7
Average age of all cases	26.3 years
Number of hospital days	14,419
Number of hospital days patients were confined to bed	4,768
Number of meals served in bed	17,958

The occupations of the patients before coming to the Sanatorium were as follows: Stenographers, 3; nurses, 3; office clerks, 2; real estate, 1; homemakers, 11; house maid, 1; waitresses, 2; telephone operators, 3; model and saleswoman, 1; office manager, 1; secretary, 1; cashier, 1; typist, 1; salesgirls, 4; schoolteacher, 1; music teacher, 1; dental assistant, 1; title examiner, 1; students, 3; at home, 1.

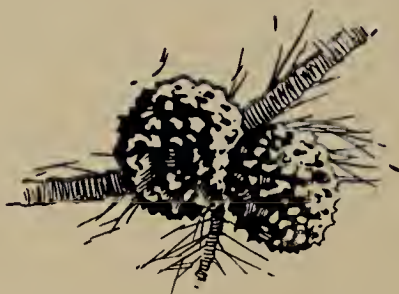

Of the seventeen cases discharged from the Children's Pavilion this year there were three who had very slight

adult signs and x-ray evidence that would justify the diagnosis of minimal pulmonary tuberculosis. In addition, there were six who had enlarged tracheo-bronchial glands. Four were underweight and two of these had been in contact with cases of open tuberculosis. One was convalescent from anterior poliomyelitis, one from whooping cough and two had bronchitis with asthmatic tendencies.

The average age of the children was 8.7 years. The average gain in weight was 16.9 pounds. The greatest gain was $60\frac{3}{4}$ pounds. The average stay was 13 months and the longest stay 66 months.

No cases are admitted to the children's department that show any signs of open tuberculosis, hence there is no danger of the spread of the disease among the children. Furthermore, the Pavilion is so far removed from the main Sanatorium, where the adult cases are housed, that there is no possibility of one department interfering in any way with the other.

N.B. A Supplementary Report containing tabular statements in much detail is available while the supply lasts, if request is made to the Medical Director, Sharon Sanatorium, Sharon, Massachusetts.

SUNLAMP TREATMENT

MEMORIALS

By

GIFT OR BEQUEST

Only a few benevolent persons are privileged to give very large sums while living to further the general or specific purposes of a philanthropic or charitable cause. In doing so, they have the satisfaction of knowing that the beneficiaries of that institution are being aided through their liberality.

But others, whose hearts are also tender towards all forms of need, must limit their giving. Yet they plan to and do provide in their wills for cherished charities.

In the past Sharon has been remembered in this way. The Board of Directors are most grateful for it and they trust that, if Sharon has been omitted from one's will, it may be remembered with a legacy through the simple legal formality of a codicil.

More and more the long established and well tried institutions must depend upon memorial gifts and legacies. It is very necessary that the Sanatorium should have a larger endowment to permit lower rates, especially in the Children's department. It is, therefore, important that Sharon's friends, who have for many years so devotedly supported it, should remember it in their wills.

The President, Treasurer, or any member of the Board of Directors will gladly confer with anyone who may wish to remember the Sharon Sanatorium; or with an attorney, if that is desired.

FORM OF BEQUEST

I give, devise, and bequeath unto the Sharon Sanatorium in Sharon, in the Commonwealth of Massachusetts, its successors and assigns, the sum of
.....Dollars.

GAINED FIVE POUNDS

Commonwealth of Massachusetts

BE It Known that whereas Alfred Bowditch, Nathaniel H. Stone, Alice M. Curtis, Olivia Y. Bowditch, Mary H. Denny, Vincent Y. Bowditch, Robert W. Lovett, L. Vernon Briggs and Reginald Gray have associated themselves with the intention of forming a corporation under the name of THE SHARON SANITARIUM, for the purpose of establishing and maintaining a hospital for the treatment of persons afflicted with incipient pulmonary disease, and have complied with the provisions of the Statutes of this Commonwealth in such case made and provided, as appears from the certificate of the President, Treasurer, and Directors of said corporation, duly approved by the Commissioner of Corporations, and recorded in this office:

Now, THEREFORE, I, WILLIAM M. OLIN, Secretary of the Commonwealth of Massachusetts, do hereby certify that said Alfred Bowditch, Nathaniel H. Stone, Alice M. Curtis, Olivia Y. Bowditch, Mary H. Denny, Vincent Y. Bowditch, Robert Lovett, L. Vernon Briggs and Reginald Gray, their associates and successors, are legally organized and established as and are hereby made an existing corporation under the name of

THE SHARON SANITARIUM

with the powers, rights and privileges, and subject to the limitations, duties and restrictions which by law appertain thereto.

WITNESS my official signature hereunto subscribed, and the seal of the Commonwealth of Massachusetts hereunto affixed, this twenty-seventh day of March, in the year of our Lord one thousand eight hundred and ninety-one.

(Signed) WM. M. OLIN,
Secretary of the Commonwealth.

[SEAL]

Commonwealth of Massachusetts

BE It Known that whereas THE SHARON SANITARIUM, a corporation organized under the laws of this Commonwealth, and subject to the provisions of chapter one hundred and twenty-five of the Revised Laws, has complied with the provisions of chapter one hundred and nine of the Revised Laws, as appears from the certified copy of the order of the Commissioner of Corporations, authorizing said corporation to change its name and adopt the name of THE SHARON SANATORIUM and the certificate of the President, Treasurer, and Directors of said corporation, duly filed in this office pursuant to the provisions of section ten of the aforesaid chapter one hundred and nine of the Revised Laws.

Now, THEREFORE, I, WILLIAM M. OLIN, Secretary of the Commonwealth of Massachusetts, do hereby certify that the name which said corporation shall bear is

THE SHARON SANATORIUM

which shall hereafter be its legal name.

WITNESS my official signature hereunto subscribed, and the Great Seal of the Commonwealth of Massachusetts hereunto affixed, this seventeenth day of May in the year of our Lord one thousand nine hundred and four.

(Signed) WM. M. OLIN,
Secretary of the Commonwealth.

My commission expires July 23, 1926.

BY-LAWS OF THE SHARON SANATORIUM

ARTICLE I.

The Corporation shall be composed of those persons signing the articles of association and of such persons as they or their successors shall elect to be members.

ARTICLE II.

The annual meeting of the Corporation shall be held on the second Wednesday of December in each year at such time and place in the city of Boston as the President, or in default of appointment by him the Secretary may appoint, and notice of the said meeting shall be sent to the members at least seven days before the meeting.

Special meetings of the Corporation shall be called by the President or Secretary by three days' notice in writing.

Five members shall constitute a quorum at all meetings of the Corporation.

ARTICLE III.

The officers of the Corporation shall be a President, Secretary, Treasurer, and not less than four nor more than eight directors at large, who shall serve for one year and until others shall be elected in their stead. The said officers shall constitute a Board of Directors, and shall have full power and authority to manage the affairs of the Corporation subject to such regulations and restrictions as the members at meetings of the Corporation may from time to time establish.

ARTICLE IV.

The Board of Directors shall have power to take any measures which they may deem expedient for encouraging subscriptions, donations, and bequests to the Corporation; to enter into and bind the Corporation by such compacts and engagements as they may deem advantageous; to appoint from time to time such agents or committees as they shall think proper to attend to the practical details of the working of the hospital or to oversee and superintend the same; to appoint or engage the physicians, surgeons, matrons, attendants, and servants employed in the hospital and define their duties; and this power they may delegate to any of the committees above referred to, if they shall see fit so to do.

The Board of Directors may fill all vacancies in the Board up to the limit in numbers authorized by these By-Laws.

Three members shall constitute a quorum at all meetings of the Directors.

There shall be meetings of the Directors quarterly, on the second Wednesday of March, June, September, and December. Special meetings of the Directors shall be called by the Secretary.

ARTICLE V.

The President shall preside at all meetings of the Corporation and Directors. In his absence a President *pro tempore* shall be chosen.

ARTICLE VI.

The Treasurer shall receive and have the custody of all moneys, deeds, and securities of the Corporation, which he shall keep and manage under the control of the Board of Directors or any committee of the Board. He shall pay no moneys but by order of the Board of Directors or their committees.

ARTICLE VII.

The Secretary shall attend all meetings of the Corporation and Directors and keep a record of the proceedings of each meeting in a book kept for that purpose; she shall give notice of all meetings of the Corporation, as is provided in Article II, and of all meetings of the Directors.

ARTICLE VIII.

The property of this Corporation shall not be alienated nor shall any real estate be purchased except with the consent of a majority of all the Directors.

ARTICLE IX.

These By-Laws may be altered or amended at any meeting of the Corporation by a vote of two-thirds of the members present at such meeting.

General Statement

The Sanatorium

Established and incorporated in 1891.

Object: To supply a suitable institution for the treatment of incipient pulmonary disease arising in women of refinement and limited means.

Capacity: 30 patients.

Location: In the pines at Sharon about five minutes from the station of the N. Y., N. H. & H. R.R. Sharon is about equally distant from Boston and Providence—19 miles from Boston.

Terms: The price of board and medical care is \$20.00 a week, exclusive of laundry.

The Grounds: The Sanatorium grounds cover 120 acres—the elevation and outlook are most desirable. Pure air is abundant.

Food: No pains nor expense are spared to provide the patients with the most nourishing diet.

The Children's Pavilion and Open Air Boarding School

Established in 1918 through the generosity of friends.

Object: To extend to delicate children, predisposed to tuberculosis, a chance to regain normal health. No active cases are received.

Capacity: 20 children between the ages of 6 and 14 years.

Location: On the edge of the woods at some distance from the main buildings of the Sanatorium, a really ideal site.

Terms: \$15 a week, exclusive of laundry. This includes board and medical care other than dental and surgical treatment.

Studies: These are made as flexible as possible. Every advantage is given the individual. Classes and grades, however, are planned according to the standard of the best public schools, with a view to the pupil's keeping up with his grade.

Sessions: The morning session is devoted to upper grade work and the afternoon session to the lower grade.

Leisure Time: Handicraft work, with merry games and outings, are under the oversight of a well-qualified teacher.

Rest Periods and Meals: These are ample and are carefully attended to by a trained nurse and a dietitian, with the advice of the doctor.

VISITING HOURS

The visiting hours of either department are from 3 to 5 p. m. daily.

Important

The charges made to patients of the Sanatorium or of the Children's Pavilion do not cover the expense of maintenance.

While this is not a commercial enterprise, neither is it a charity in the usual sense, but, like the privileges of our colleges, these are benefits which self-respecting families may accept.

Application for admission should be made to Medical Director, Dr. Walter A. Griffin, at the Sanatorium, or Dr. Edwin A. Locke, Visiting Physician, 311 Beacon Street, Boston, Mass.
